

There is a documented difference in wages, education, support and economic and social freedoms for many of us due to our ethnicity, gender and/or sexuality. At Mothers & Daughters we use a pricing system that tries to address this gap.

This bar has a different economy than you may be used to

Menu A

At Mothers & Daughters this pricing system is based on the documented gender gap in Belgium of 26%.

If your wages, and access to opportunities and documented work are negatively affected by your gender, sexuality and/or ethnicity, then choose menu A. You will need to tell the bar people which menu you chose when you order.

There is a documented difference in wages, education, support and economic and social freedoms for many of us due to our ethnicity, gender and/or sexuality. At Mothers & Daughters we use a pricing system that tries to address this gap.

This bar has a different economy than you may be used to

Menu B

At Mothers & Daughters this pricing system is based on the documented gender gap in Belgium of 26%.

If you have a privileged position that means your wages, and access to opportunities and documented work are positively affected by your gender, sexuality and/or ethnicity, then choose menu B. You will need to tell the bar people which menu you chose when you order.
